

Bechir Jabli

Computer Science Student | Junior Full Stack Developer

Profile

Computer science student passionate about web development and modern technologies. Highly motivated to join a dynamic team to strengthen my skills in React, Node.js, and Full Stack development. Serious, autonomous, fast learner, and interested in software engineering best practices.

Technical Skills

- JavaScript ES6
- React.js
- Node.js & Express.js
- HTML5 / CSS3
- Git & GitHub
- SQL Databases
- REST APIs
- Java & Spring Boot
- Teamwork and problem-solving

Projects

- Developed a Clients & Stock Management application using React, Node.js, and SQL Server.
- Built an AI-powered CV / Job Matching system using Sentence Transformers.
- Designed responsive and modern web interfaces with React.
- Used Git for version control and collaborative development.

Education

Engineering studies in Computer Science — Ongoing
Coursework focused on software engineering, web development, and databases.

Languages

- French — Professional
- English — Professional
- Arabic — Native
